

SLHF needs youth leader!

The Swedish hockey association (SLHF) are chosen to be a part of the international project ***Aspiring and Inspiring youth leaders (AIYL)***, from January 2021 to December 2023. We are hereby looking for a youth leader (age 18-30) interested in sports administration and management leadership.

About the project:

The purpose of the project is to create structures for young leaders to take on different types of leadership roles in sport administration on national as well as international levels. European hockey organisations need to make sure “youth voices” are involved in development, and possible career pathways need to be clearly described for young and ambitious hockey leaders. Within the project, a development programme with guidelines and best practice will be developed to help federations to set up a youth leader structure to involve young leaders. Also, a youth leadership study programme will be created to enhance sport management skills. Youth leaders within the project will help create the programme, as well as pilot the first version. The Czech Hockey Federation (CHF) will coordinate the AIYL project which consists of different partner organisations as well as the hockey federations from Denmark, Poland, Wales, Ukraine and Sweden. SLHF is represented by a “youth leader” who contributes with input and feedback from personal as well as Swedish hockey perspectives. See page 2 for a simple overview of the project.

Are you the youth leader we´re looking for?

The person we´re looking for should be dedicated to develop Swedish hockey and to contribute with important personal inputs as well as perspectives from Swedish hockey. You need to be comfortable to communicate in English (reading, talking, writing). A coordinator from the SLHF office will support you throughout the project.

What's in it for you?

A unique experience as you, besides being a strong contributor to the project itself, also hopefully will experience the project as part of your own leadership developmental journey. As you help creating the future for young leaders in hockey and sport, you will also get opportunities to network with others in Europe and possibly take the next steps in your career.

Simple overview of the project

2021	2022	2023
<ul style="list-style-type: none"> • Kickoff-meeting in Amsterdam (feb) • Investigation of existing leadership programmes within hockey and sport – give input from Sweden • Help with pathway definition and what expectations you have on your career • Give input to the leadership program (what would you need?) • Meeting in Amsterdam (aug) • Frameworks and modules are created 	<ul style="list-style-type: none"> • Meeting in Cardiff (feb/mars) • Pilot and evaluate the development program (year 2 and 3) • Pilot the Grassroot development in own country (for selected ones) • Meeting in Manchester (sep/okt) 	<ul style="list-style-type: none"> • Pilot and evaluate the development program (year 2 and 3) • Help with awareness campaign (spread info) • Evaluation of the whole project
<p>Throughout the whole project communicate with partner organisations and with the help of the coordinator continuously report to SLHFs board and office.</p>		

The youth leader is a volunteer and do not get paid for the job, however, all expenses are paid for, and the project itself is a great learning experience.

Are you interested?

Send an email to SLHFs office info@landhockey.se describing yourself and your interest in the project, by **Friday the 14th of august**, the latest. Questions can be sent to the same email address, or give us a call at 072-1558144.
